

**The International Conference on  
Health Crisis Management and Turning Point  
Metropole Phuket, Thailand  
August 17 – 19 2009**

.....

This conference aims at the promotion and maintenance of understandings about good health, with particular emphasis on social and sustainable dimensions of health and health care. Turning Point means a shift, a new paradigm, a movement, and collaboration. The Turning Point is idea that brings health conscious organizations and people together to collaborate on strengthening and transforming the public health system. It is based on the common sense idea that everyone has a stake in public health. Thus, Turning Point is collaboration for a new century in public health and a creating partnership to support of healthy people. The theme will address the current issues related to health crisis management, sustainable health care, and turning point to improve public health and our world.

This conference is the Public Health Educational Forum. Learn from the experts in the field, hear about cutting edge research, and share your public health experience with your peers. The world of public health is in continual motion, and there is no better time to stay abreast of the research and learn about emerging issues.
